

# KIST College of Management

PO Box 20828, Kamalpokhari, Kathmandu, Nepal  
Tel: 4534990, 4534178 | Email: info@kist.edu.np

## An Extra Edge

**Bachelor of Information Technology Management (BITM)** blends the two strategic disciplines of information technology and management. The programme offers integrated knowledge and develops technological skills giving students a unique edge in the IT world. It develops the next generation who can apply the opportunities in the digital world to a fast-changing business environment and find innovative solutions thereby contributing to society. Graduates are able to interrelate IT & management concepts or tools with managerial skills appropriately to support business analysis and operations.

- **Training** – LINUX Virtualization for ML – Er. Thomas Basyal (Geo AI Researcher) – BIM 4th Semester – 4 – 9 February 2024.
- **Training** – Microsoft Office Package – Mr. Bibhusan Jung Sijapati & Mr. Bipul Wagle (Trainer) – BIM 1st Semester – 2 – 15 January 2024.

# WHY BITM?

## Global Recognition & Accreditation

Tribhuvan University's BITM program is globally recognized and internationally accepted.

## Interdisciplinary Approach

Provides in-depth knowledge of Information Technology (IT) and Information Systems (IS) with a pragmatic application of management skills.

## Updated Curriculum

The latest comprehensive curriculum builds a sound theoretical foundation with a perfect blend of the two strategic disciplines of IT and Management giving students an edge on competitors in the IT world.

## Career Opportunities

Graduates readily find impressive jobs in IT and Management careers including database, software engineering, software development, networking, artificial intelligence, or cloud computing.

## Professional Grounding

Our graduates acquire real-life skills relating to digital transformation and innovation for automating business functions in order to cope with ever-emerging technology.

## Personal Empowerment

Empowers would-be entrepreneurs to handle enterprises independently, develop virtual companies and workgroups, and form alliances with a combined knowledge of IT, IS, and Management.

*Acquire essential IT & Management skills at KIST doing BITM!*
