Bachelor of Business Administration

**Bachelor of Business Administration (BBA)** provides a fundamental education in business and management principles allowing students to specialize in one of multiple concentration areas, including business economics, administration, finance, human resources, or accounting. The programme enables graduates to explore various real-life opportunities that help them later in managing companies. It also develops sound professionals with entrepreneurship skills who can run business ventures in a contemporary or international context. So, it is a preparation for a lot more than a career in business and has national importance.
